VINEYARD

Joostenberg is situated in the south western part of the Paarl region. The climate is Mediterranean i.e. cold, wet winters and dry summers. Soils are a combination of decomposed granite and clay shale. Distance to the ocean is approximately 30km resulting in regular and helpful cool breezes. The vines are farmed organically and every effort is made to follow practices that are respectful of the environment. Vine age varies from 4 to 39 years.

VARIETIES

Roussanne 23%, Chenin Blanc 54%, Viognier 13%, Alvarinho 10%

VINIFICATION

Hand-picked in the cool morning hours and whole-bunch pressed. Spontaneous fermentation in terracota amphora (60%) and seasoned oak barrels (40%). Maturation “sur lies” for 10 months. In order to maintain the flavour integrity of the wine no stabilization products were used and the wine was not filtered.
